

Get to know your banking partner!

At Highland Bank, our experienced bankers are here to get to know you and your business to identify and fulfill your financial needs.

Ryan is a meticulous and strategic partner in the lending process. His clients value the stability, expertise, and innovative thinking he brings to every relationship. Ryan specializes in development, commercial construction, condominium association, retail, industrial, manufacturing, and multi-family real estate projects, and also has extensive experience in C&I and SBA lending. Leveraging his unique skill set and Highland Bank's responsiveness, he consistently delivers creative and timely solutions for clients and prospects alike.

Highland Bank maintains a legal lending limit of over twelve million dollars, emphasizing its commitment to support small businesses. Additionally, through collaboration with a network of lenders, the bank can accommodate existing customer growth and attract new clients beyond these limits. Highland Bank's SBA Preferred Lender status also allows them to address clients' needs in ways that most other banks cannot.

Outside of work, Ryan enjoys managing personal investments, spending time outdoors, working on classic cars, and cherishing moments with his wife and family.
