

Get to know your banking partner!

Helping you take your banking to new heights.

With a career spanning over 20 years, Angie Trocke has earned a reputation as a trusted advisor for her ability to go above and beyond to meet her clients' needs. Her approach to banking is deeply personalized, focusing on getting to know both the person behind the business and the intricacies of the business itself. She is a banker you can trust to be your steadfast partner in achieving your entrepreneurial dreams.

Starting out as a teller in high school, Angie worked part-time while attending college at Iowa State University. After graduating with a degree in Finance, she took on a new role in Commercial Banking where she developed skills in lending and relationship management. From there she discovered her passion for working with businesses all over the Twin Cities, providing tailored solutions that perfectly align with their goals and aspirations.

Beyond her professional role, Angie believes in the power of community and the importance of building strong relationships. She actively supports her clients by attending, volunteering or participating in their special events and galas. This involvement not only strengthens her bond with them but also shows her genuine interest and investment in their success.

When she's not working, Angie loves spending quality time with her friends and family. She especially enjoys cheering on her kids at their various sporting events, shuttling them from games and practices, and celebrating their achievements.
